### Customer Questions and Concerns:

Customers with questions or concerns should contact Stephanie Nadeau, 1-888-733-1033.

### Customer Returns:

Product should be returned to the place of purchase. Dealers should return unsold inventory and products returned by customers to their distributor.

### Problem/Reason for Recall:

These products may be contaminated with *Salmonella*. People handling these pet foods can become infected with *Salmonella*, especially if they have not thoroughly washed their hands after having contact with any of these pet foods or any surfaces exposed to these products.

*Salmonella* can cause serious illness in small children, frail or elderly people, and people and pets with weakened immune systems. Other people and pets may suffer short-term symptoms, such as high fever, severe headache, vomiting, nausea, abdominal pain, and diarrhea. Long term complications can include arthritis.

- Can handling these products, the surfaces they have been in contact with, or contact with pets that have eaten these products expose me and my family to *Salmonella*?
- Should I feed these products to my pets?
- How should I dispose of these products?
- What are the symptoms of Salmonella sickness?
- What should I do and who should I notify if I or a member of my family experiences any of these symptoms?

Amount recalled:  
unknown

Distribution:  
Nationwide, through retail stores and Internet sales.
